SA Regis Kennedy

JFK assassinations records appeals Harold Weisberg 12/3/79
Records not searched

The attached Not Recorded Serial from 62-109060 Section 431 relates to the subpoenaing of SA Regis Kennedy during the Garrison investigation.

The original is filed in 62-9-33-664. This raises questions about relevant files not being searched.

Records relating to policy and the AG's decision and advice given to him in the matter have been disclosed.

I also question the withholdings.
